“ *I will always remember my dearly beloved cousin Angie for her beautiful smile, she had the most infectious smile and just looking at that smile could make your problems go away and you'd be filled with happiness just by seeing that smile. Another great thing I loved about my cousin Angie (as I do with her sisters Terri and Katie as well), even though we all never talk on the phone together as years go by, but when us cousins (like all Moorman cousins) are gathered together at a family event or gathering we always just pick up where we last left, and that just sums up the love we all have for each other, but boy did we take advantage of every time we did spend together, the partying, the laughing, the drinking and more drinking, the crying, some yelling and screaming, but all this in love for each other. I will never forget you cousin Angie, you and my son Carter share the same birthday and each year I celebrate his birthday I will remember your "smile".*

“ There are no words that can express the sadness & sorrow in all our hearts. Prayers, sympathy & healing for Marge, Tom, Terri, Katie, Forrest, Luke, Josh & Abby in the days ahead.

*We follow a pathway that has no end
as we travel through life day by day.
Together with those who are dear to our hearts
and are there by our side, come what may
But sometimes a loved one must travel ahead
for reasons that aren't always clear.
And we're left behind to continue along,
missing one who is no longer here.
And while it may seem that the pathway has stopped,
it merely has rounded a bend,
And our loved one goes on to a much brighter place
down the pathway that has no end.*

Those we love who pass away live on in you through your memories.

*Deepest and heartfelt sympathy.

“ Dearest Angie,
I miss you so, so much! You were my partner in crime at NKCH. When things went wrong I always knew it would be alright as long as you were there. You are an amazing, caring, loving and genuine person. You taught me so much in life. You were my go to person for everything. You help mold me into the nurse I am today. I miss all our funny "remember when...." stories and our crazy, little to zero sleep nights laughing about anything and everything. I will never forget our love for 3am coffee breaks with lots of sweet flavored creamers and all the sweet stories you would share with us about your lovely family. I cry now every time I think of you. Your time with us was cut short but please know that I love you and will always and forever remember you.

“ *Angie was such an amazing friend and co-worker. She was my go-to person when things got bad at work, and she always had my back. I knew I could always count on her when I needed help or support. She taught me so many things at work, and I have always said I would be happy if became half the nurse that she was. She had such a clever sense of humor that led to many moments of laughing until we cried. When I was a new nurse, she had a way of making me feel better if I made a stupid mistake, or was overwhelmed with a sick patient. I will miss her tremendously, and will never forget the valuable lessons she taught me. I will always credit part of my success as a nurse to her and the examples she set for me.*

“ Angie is someone I am proud to call my friend for the last 9 years. We both are moms of busy young kids juggling the night shift with all the kids' school, activities, cleaning, cooking and family activities and sneaking in a few (often between 3-4) hours of sleep before heading back to work. No one knows how we do it and I don't think we even know. However, our lack of sleep made for some really interesting and hilarious nights at about 3 in the morning. We often found the silliest and smallest things that would make us laugh to the point of tears (and maybe a few snorts). I often get random songs in my head from just simple comments and she would always know the exact song I was thinking of. As the years went on often she was the only one who actually even knew or heard of the songs I would attempt to sing. I can still hear her laughing as I write. Her wit and dry humor are one of my favorite things about Angie. Working with her made the night shift fun. She of coarse was an excellent nurse as many of my coworkers can attest to but my favorite memories were those at 3 in the morning at the "round table" with all our patients sleeping or sedated and us joking, laughing, sharing stories about our kids and entertaining one another. She will be greatly missed. I am praying for her family and especially her children and that her laughter will never be forgotten.

“ Beautiful, compassionate Angie. She was so smart and good with my William Jewell nursing students ..always willing to share her knowledge. She loved her family, job and the art of nursing. I will always remember her . I pray for you, her family , that you might find peace and understanding . The huge void she leaves can never be fill but it can be bridged in time.

“ I had the honor and privilege of working alongside Angie the past 10 years. She was an awesome nurse, caring friend, and trusted colleague. As a Critical Care Nurse, Angie was skilled, knowledgeable, reliable, hardworking, and intuitive. She touched (and saved) many lives. She provided comfort and healing to the lives she touched. She made a difference in her patient's recovery. Angie's quick wit and dry sense of humor lightened the heaviness of our work and helped make it bearable. Angie's passing will leave a huge void in our nursing team, We are forever changed by Angie's life and her death.

There are no words that adequately express my condolences to Angie's family. Family was the center of her universe. My heart aches for you. I cry when I think of you. I will continue to pray for peace and understanding for you. Find comfort in memories of her beautiful smile and nurturing spirit. There are no words,....

Angie,....beautiful Aaannngie,....I am grateful for our time together,....I just wish it didn't have to end so soon. You were important. You were valued. You made a difference. You were (and are) loved. You will be deeply missed. Rest in peace angel of mercy, cherished friend, and valued colleague.

I was privileged enough to know and work with Angie for the 9 1/2 years I was in the CICU at NKCH - she stood out from the very beginning. Angie was very welcoming to me as a new nurse to the unit. We worked opposite shifts, but I do not recall a time when she didn't have that beautiful smile upon her face no matter how bad her shift had been the night before. Angie also had an amazing sense of humor - so very funny!

Angie's patients loved her and spoke very highly of her - and the times I would stay late to pick up some extra hours, I got the awesome opportunity to work beside her. Angie was arguably one of the best nurses I have had the honor to work with! She was so smart, knew just what to do in a crisis, and she kept a very cool head about her. She knew how to bring calm and comfort to the patient, their family and her coworkers. There was no one like her.

Whenever I was down about something, Angie was always there to listen and I would walk away feeling better.

I just want Angie's family to know I was blessed to have had the privilege of knowing and working alongside Angie.

I couldn't agree more with what Janet has stated above ... You are most definitely loved & will be missed! Rest in peace my friend!

I had the privilege of introducing the world of Critical Care to Angie as a new grad. She did not need much of an introduction because of her intelligence, sensibility and kindness. She was always a welcoming sight when I was pulled to the CICU. I will miss her smile. She is in Heaven now caring for people. Condolences to her family, friends and coworkers. She was one of a kind and will be forever missed.

“ The few years we were close in our mid teens are some of the most cherished times of my youth. You helped to bring me out of my shell. You helped me to see the person I wanted to be and when I was with you I believed in potential I didn't know I had. We were just kids, carefree and wild as a fire. I always felt like I burned brighter when I was around you then. There once was a time in life when you were the world to me. While our time together was a lifetime ago, it does not seem to dull the sadness I feel for you, your husband, your children and the rest of your family. I pray for their broken hearts and hope they somehow can find peace amidst this devastation. May the swiftest of angels travel on hastened wing to raise you to where you belong Angie. Rest peacefully my old friend.

“ *My dearest, charming, and so sweet cousin Angie, I will never forget the memories we had together. In our ever so divided family between Chiefs and Steelers, you were smart for siding with the Chiefs and I will miss talking crap with you towards the Steeler fans in our family! I remember at your wedding, I was the one that got your garter that you had tossed into the crowd of all single men, I felt so special and since I was so young at the time, I believe that was my first, actual dance I had with a woman. I felt soo special! Words can't express how much I love and miss you, but God called for you for a reason, this I believe. Please not only watch over the family, but the extended family as well. I know your in a better place. A place so beautiful that I'm sure and you fit so perfectly up here. A place with no worries and no pain that the world brings. You are finally at home with our beloved Father in Heaven and I'm sure he has many missions for you. I love you cousin and will never forget you, especially that smile of yours, it sure is contagious! I want to leave this with this bible scripture from the 2nd Book of Corinthians, Chapter 5 verse 8: "WE ARE CONFIDENT, I SAY, AND WOULD PREFER TO BE AWAY FROM THE BODY AND AT HOME WITH THE LORD."*

“ I helped orientate Angie on 9 south. And occasionally took report from her at shift change in CICU. I found her as lovely and as kind and as intelligent and compassionate as her sisters were. Over the years we would pass by one another as she was leaving from working and I was arriving. She always had a smile and a kind word. Occasionally she would share a picture with me of her boys on her phone. I'm sure she touched everyone she ever met with her loving smile alone. She will be forever missed.

“ To our most precious niece, sister, daughter, mother, wife, and cousin Angie, as we say our goodbye's until we reunite with you in heaven. We shall surely miss your beautiful smile, and your loving and embracing personality. A wonderful mother and a free spirit who loved life, but most importantly, who loved the Lord. We will so miss you girl. God speed our dearest and sweetest Angie. It won't be easy for any of us to go on without you, but let us take comfort in knowing you are finally at peace, no longer in pain, and are home with the Lord and so many others that we have loved and lost.

I will always remember how your Uncle Sam played the Pinky and Spot game with you in your backyard as a child in Kansas City. We always laughed about that later in life at our family gatherings. We have so many precious memories you gave to each of us to last us a lifetime, and we know when we do cry, we won't for too long, because your infectious spirit will invade us and strengthen us, and will hold us up yet once again, while we continue to carry on and to treasure our beautiful memories that can never be taken away.

Rest well sweet Angel Angie until we meet again, I know you will be watching over all of us. We love you more than words can ever say.

Aunt Kay & Uncle Sam

For God so loved the world, that he gave his only Son, that whoever believes in him should not perish but have eternal life. For God did not send his Son into the world to condemn the world, but in order that the world might be saved through him.” – John 3:16-17

“ We consider ourselves friends and fans of Angie. We both had the honor and pleasure of working with Angie in the ICU for many years. She was what you would want in a nurse-very smart, compassionate and able to anticipate the needs of her patients. She was also what you needed in a peer. She wasn't afraid to "tell it like it is" if someone needed a little nudge in the right direction, and she was the first one there to help you pick up the pieces when things took a turn for the worse. And Angie was what everyone loves to have in a friend-She was genuine, thoughtful and warm, and boy was she funny! Talk about a woman with a quick wit-that was Angie. She might have two busy little boys in tow, and a little girl on her hip, but when we saw her somewhere, she would always stop, smile and ask about our family. We missed Angie immediately when we left the hospital, and always looked forward to running into her at baseball games or the Learning Center. We miss Angie now more than ever.

To Forrest, Luke, Josh, Abby, Terri, Katie and Tom, and of course Angie's mother who we have not had the pleasure of meeting over these years, we send our condolences to you. The void we feel is so pale in comparison to the one in your hearts. Please know how deeply your wife, mommy, daughter and sister touched us during our long friendship with her. She was an amazing and beautiful woman, and we will miss her always. We send prayers for peace and comfort. Jason and Becky Moburg

I am so deeply saddened by the news of Angie. We worked together for 8 years at NKCH. She was a leader, my friend, a wonderful mom and a wonderful nurse. She was who you wanted to be there if there was a problem on the unit. She always knew what to do and you knew she would help you any way she could. I have so many wonderful memories of my NKCH family and friends and Angie was a very special friend. I moved home to Iowa a couple of years ago and we still stayed in contact via email; she made me laugh even over email. She will forever be in my heart and my memories. I hope that her family can keep her alive by the memories they have of her in their hearts. I am so deeply sorry, your family will be in my prayers.
