“ *I will always remember the things you taught me growing up as a sister . You were like a mom to me , when our mom was at work . You taught me so much about life that I wil forever cherish. I loved having you with me when i had the Diner and all our people that came in loved having you wait on them .I cherish the times we had together as we got older together when you lived with me , mom and my late husband that is up there with you now, say hi to him for me ok. I Love you so very much! It is going to be hard not being able ton call nyou on the phone and have our girl talks but i will do my best with our little sister keren . Make room for me down the road cause some day i will see you again. I will take good care of mom till her time to go to you in heaven. Until then we will all stay in touch with each other. Love you sissy!*
