“ *Last week I had a dream about a childhood friend of mine and one of our many adventures playing in the woods and our many visits to Worlds of Fun (Little Bart Simpsons on the loosed). If this is the Glen Allen I grew up with in Gracemor, he was my childhood friend (At times, He was a better friend to me than I was to him). His friendship helped me cope with a difficult home life and I will always remember how kind and thoughtful he was. I send my Condolences to his family. Ann and Paula may remember me as Tommy Joe.*

“ *I could always count on Glen to talk Chiefs with me. He enjoyed the boys in red and we always wore our red on Chiefs Fridays. Glen was a gentle soul with a sweet kind smile that could melt your heart. You will be missed my friend.*
