“ *Henry, You saved my life. I was so mad at you for way too long my dear friend.. I miss you dearly. I thank The Lord above daily for getting us back to Wonderful friends... Before your unfortunate death. My hearts completely breaks for you. I'll never forget when you called me and said ; they sent me home to die.' Henry... I'm so so very sorry for not being able to do more. You gave me and ' little man' so much Christmas 2014. You were a Wonderful friend whom I will forever cherish. You're my Angel in heaven. RIP my friend. RIP Your Friend Always...*
