“ Mom,  
I love you so much. I miss you, your smile, your infectious laugh. You have been the best, most supportive and loving Mother a man could ask for. I will always cherish and honor you to the very best of my ability. We were a team. You taught me compassion and understanding, among so many other things. Im so proud to be your son, and you my Mother. Rest now. Enjoy Dad, Bud, Marv, and Randy. I will take it from here.  
Love you.

Bill.... Words can not express how deeply sorry I am. I loved Pat dearly and feel honored to have been able to take care of her for as many years as I did. She was truly a blessing and a very loving woman. She used to call my voicemail just to tell me she loved me. And she always asked me how "our boy" was every time she saw me when Nate was going through chemo. Her laugh could brighten even my worst of days. Please know that you and your family are in my thoughts and prayers!  
Love,  
Jody
