“ *Janice and I worked together in the Player Services department at Argosy for a number of years. I always enjoyed working and visiting with Janice. We were both born the same day, same year. We both got married the same month, same year. Janice would refer to us as twins although we didn't look anything alike. I stayed in touch with her by phone after she left Argosy, and enjoyed visiting with her about Ruby and her health. I will miss her much.*
