“ *I just found out about Johns passing. I am very sorry for your loss. I loved working around John because of his no BS attitude and sense of humor. I remember one night not too long after he had started working at the RR a certain boilermaker who they often referred to as Barney Ruble was being a pain in the butt and John wanted to end this mans life. I must have talked to him for 2 hrs to keep him from choking this guy. His temper evened out after he worked there awhile and he became a lot of fun to be around.
He will be missed by many,

“ *Growing up -- "Johnny Joe" and his family lived on the same block as my family in Chillicothe. He will be remembered in our prayers. --

“ No matter what mood you were in, John would some how magically put a smile on your face. He was always good to whomever he came in contact with. Great sense of humor as you can tell his two adorable young adult kids inherited it. Rest now as you're not sick anymore and be with my dog, Snoopy, and my late husband. P Lay some golf with Ed as Snoopy will go fetch the bad balls for you two. You'll be missed. Karen Buschmann
