“ *My uncle John was my nanny's baby brother. I remember him as tall with a booming voice and big hug. One of my earliest memories is of a family trip to visit driving from home in Arkansas. I had just got my braces the day before we left so my mouth was very sore and uncle John and Ann took us out to eat steak and I could not chew it. On that trip we also went to see the Kansas City Royals play and it was amazing.*

I mostly remember how much Nanny loved uncle John and when he and Ann came to visit we all got together for a big meal with the whole family. I am glad to know that he is with Nanny and aunt Margaret again.
