“ *Lowell Andrew was valued cousin and friend. I enjoyed many, many he's as a child and adult in his company. We never ran out of things to talk about. He taught me how to play monopoly, ride a bicycle, make score sheets for the Dodger's baseball games we listened to on the radio. My heart was broken today when I heard of his passing. He was on my mind this week thinking of our upcoming birthdays. We were born two days apart and I couldn't wait til closer to our birthdays to call him. Love to all of his family, and children Steve, Sherrie , and Scott. Praying for Gods peace on all of your hearts. Another good Pogue in heaven singing praises to Jesus. What a reunion. Love Darlene Ellis.*
