“ *To my cousins Tom, Ben and Joe I am thinking of you as you grieve the loss of your mom. My auntie Maureen was my namesake and we always had a special bond. The last time I saw her this past fall she was still in high spirits, but was clearly losing the battle against her disease. In spite of that we sat and talked of many things and as usual before Tim and I left she had something for me. She was always thinking of my love of glassware and picked things up from time to time that she knew I would enjoy. I will miss her openness and her quirky sense of humor! She was a special auntie!*

“ *My heart goes out to you Tom, Joe and Ben. Losing a mother is a very sad time. You will always remember her because she will always remain in your heart and mind. I will always remember her as my kind and thoughtful "little sister". Sorry I am not with you and all of your family at this time. I am willing to do anything that you might need help with. Love you all. Aunt Birdie*
