“ *My sympathies to John and all of Peggy's relatives. Peggy was a lovely person and a wonderful neighbor. She was very grandmotherly to my young children. She never forgot them on Christmas, and would often upstage Santa Claus with her gifting. I will miss our curbside conversations... they never failed to bring a smile to my face, no matter how my day may have gone up to that point. This cul-de-sac will never be the same for me, but I will do my best to remember her wonderful smile and laugh, as opposed to focusing on the fact that I may not see and hear them again for quite some time to come.*
