“ My condolences go out to the Conaway family. Bob was the first person to interview me in April of 1973 when I applied for a job in the System Software group. We worked together on a lot of different projects over the years and Bob never was outwardly upset by any of the difficulties we faced; always cool and analytical. One of the fun things I remember early on was some of us climbing into Bob's VW bus at lunch time and driving out to Smithville and monitoring the clearing of the farms in preparation for construction of the Smithville dam. I was sorry to miss out on the legendary lunch trip to Chicago!  
I will always have fond memories of Bob.

“ My condolences to the Conaway family. I remember the others taking Bob to Chicago Carson's for his birthday - it was the talk of the day. Bob was a very kind and gentle soul. He had time for everyone. I don't think I ever saw Bob get upset. I too will always have fond memories of Bob.

“ My condolences to Bob's family. I worked with him many years at TWA. Very good memories. Especially the year we went to Carsons in Chicago to help him celebrate his birthday. May God bless you during the time.

“ Thoughts and prayers are with Bob's family and friends.  
I worked closely with Bob for a number of years during my time at TWA. I remember one year, on Bob's birthday, we were taking him out to lunch. When asked where he would like to go, he said Carson's for Ribs, in Chicago! So, we caught a flight, late morning, to Chicago, took the train into town, had lunch at Carson's, and then returned home. No productivity from any of us that afternoon, but we made a memory that will last forever. :)  
RIP Bob.
