“ Carolyn, Carri and Casi,
The most heartfelt sympathy is sent to you from the family members of T.K. Arthur. We can all just see that group of Union Pacific railroaders talking about all the runs they made, especially the roller coaster area of track near Pleasant Hill, MO, where they didn't pop any knuckles on the train cars on those hot days and cold nights with chins up and fast hearts. May he join his Brothers who have gone on before and may they meet and greet each other with the same mutual respect and love they had in life as they all pitch in to help God with his train and tracks.

“ Robbie was a dedicated football player on our 1966 undefeated championship team at Nevada High School. As one of his teachers, I remember him always being courteous and respectful. He was always one of my favorite "boys" from that era. My prayers are with the family.

“ It was probably 40 years or so ago we had a Kenney, Holmes and Current family reunion at my parents house in Topeka, KS. Robbie would dive off the diving board (more of a belly flop really) and just let his momentum carry him into the shallow end, He wouldn't kick his feet or paddle, just BARELY glide to the shallow end, he'd get out of the pool and do it again, several times. It seemed like it took him forever to make it to the shallow end. Sometimes I would think to myself he's drowning. To this day I don't know how he could hold his breath for that long. Then my cousin, George Current, made the remark, "You know Robbie most people learn to swim before they learn to dive." None of us had any idea he couldn't swim. Robbie didn't care he was having a great time. Do I dare mention it was 2 AM and we were in the middle of a big poker game!!!
