“ Just thought I would come show my respect to you and just want you to continue to rest in peace and just know I still love you and you will always have a peice of my heart.

“ Couldn't believe it when I got the news—so disheartened to see that this is true, almost to the point that I can't accept that you are gone. You were the brother of my good friend Cordell —that made you MY brother. I can't help but to think about our last encounter that was just recent, you had the look of a man carrying the weight of the world on his shoulders—what were you going through brother?

Rest easy.

“ I remember hanging out with you and Wes in 5th grade - you were such a great friend. I'm so sad that we grew apart as we got older and I hate to see that you are no longer gracing the world with your amazing dancing. Even when I saw you at the mall a few months ago, you were still dancing around the main halls. Rest easy, old friend.
