“ *Viola and I go back a long way. We had our ups and downs. And for a long time we didn't talk to each other but I still thought about her. I know she's in heaven and no longer hurting. God's taken her home with him and someday we'll be together. Bless you Viola tell we meet again.*

“ Well..here it goes..the moment I've been dreading the most. Realizing you're really gone, forever. I don't think you knew how much you really meant to me. & I'm so sorry for that. I hope you find exactly what you're looking for up there. Not a second goes by that I don't think of you. I love you so much, Grandma.

Xoxo ❤️

“ Really do wish I had a more current memory and picture with you. I'll live with a void. I sure am glad my mom now has a close loved one with her. When my time comes let's make up for how distant our lives were. Love you and my momma, let her know she's gonna be a grandma to two now. Pain free, watch over us.
