“ *Wanda Lenore Holt was my mother. She was born in Birmingham Al in 1949 on February 1st. She graduated from Ramsey high school and then attended Jefferson state community college as a nursing student. I remember her taking me to Kelly's hamburgers on her off days and then to the park in Homewood. I will forever be saddened by her not telling me she was so sick and dying alone in her home in St. Louis Mo. I have lived in Alabama my entire life and had her move back in 2006 however she enjoyed St. Louis so much and I find comfort in that. Mother I do miss you. My heart breaks for you. I will never stop talking to you or stop writing about you and to you. I am close to Jennifer and Morgan , I try to not miss more than a day talking to them on the phone. I feel I need to comfort them both. I love you mother*❤️
